ROYAL ACE is expected to be an outstanding success at Stud, for the following reasons.

REASON 1

Top Sire **SEBRING** and **ROYAL ACE** have the same 2 close up ancestors. This gives Royal Ace a strong possibility of achieving a similar high ratio of **Stakes Winners** to runners.

SEBRING (SIRE OF 69 STAKESWINNERS) is by sensational sire **MORE THAN READY** who is the world's greatest sire of individual winners with an incredible 1,980 total. He is also 4th on the all time Stakes Winning sires list, amassing 208 Stakes Winners. He is out of a daughter of Champion **FLYING SPUR**(G111-Champion Australian sire-left 99 SW), himself the son of **DANEHILL** (the world's leading sire of 347 SW and 17X Champion Sire). His 1,631 winners places him second on all time sire of winners list.

REASON 2

ROYAL ACE had plenty of speed and ability. He won 9 races (winning 3 of his first 4) and placed 9 times, earning \$383,625. He had exceptional toughness, excellent conformation and essential fast finishing speed to pass on.

Bred on a similar bloodlines cross to **SEBRING**, being by a son of **FLYING SPUR** -G111, Golden Slipper, Australian Champion sire, 99SW, from a daughter of **MORE THAN READY** -7w-G1223LL.

ROYAL ACE recently ran 1m 33.74 sectionals over 1600m at Flemington, last 800m in 46.08.

REASON 3

FIRST 7 SIREs were all **MULTIPLE G1 PERFORMERS**, so **Royal Ace** has great genes for ability, constitution and speed to pass on.

Dam won 3 races, 2nd dam won 5 races, 3rd dam was full sister to sensational **LA PREVOYANTE** 25 wins, who was unbeaten 2yo USA champion filly with 12 wins as a 2YO. Her dam was full sister to 14 win champion **NORTHERN DANCER** (Kentucky Derby, Preakness Stakes, 3rd Belmont Stakes).

REASON 4

LOOK AT THE SOUNDNESS AND TOUGHNESS of the **FIRST 6 SIREs** along the dam line, characteristics that **Royal Ace** should pass on.

NATIVE DANCER 21 wins G1111

- Grandsire of brilliant sprinter and breed shaper MR PROSPECTOR (3X Champion Sire) and also grandsire of Champion galloper and breed shaper NORTHERN DANCER (4X Champion Sire).

REASON 5

Royal Ace is a genetic giant with UNPARALLELED INTENSITY.

His 350+ index is the highest of all Sires currently at stud.

This intensity is far greater than all other highly prepotent sires on the sires leader board like SNITZEL, FASTNET ROCK, REDOUTES CHOICE, STREET CRY, SEBRING, & PIERRO.

He also has the greatest MULTIPLES, FOCUSED ANCESTRY, and IN-A-LINE balanced chains that generally appears in many champion racehorses. He has this last principle 7 TIMES OVER, promising the greatest possible pre-potency for speed, when it is utilized and hit properly.

He also has the greatest focus on one ancestor we have ever seen. 44 separate lines that appear in combinations hitting DANEHILL, (the greatest sire of SW in the world, with the best total of 347).

REASON 6

We are offering owners of ENCOSTA DE LAGO Broodmares an OPPORTUNITY to breed foals with the same CASINO PRINCE X ENCOSTA DE LAGO cross as the current 3yo champion ALLIGATOR BLOOD.

ALLIGATOR BLOOD.. The standout champion of this 3yo season 10w-G1333L, 2G1...\$2,910,084.

He is bred on a CASINO PRINCE X ENCOSTA DE LAGO cross.

If Encosta De Lago broodmare owners send all of their special mares to Royal Ace, all their foals would be three quarter related to champion 3yo ALLIGATOR BLOOD.

We have found over 20 mating's that are equal or superior to this champion by selection and intensity, and it makes us confident that ROYAL ACE will produce another champion like Alligator Blood.

INCENTIVE. We are offering a HALF PRICE STUD FEE FOR UP TO 4 YEARS to ensure owners have a chance to BREED A CHAMPION.

REASON 7

3X4 MALE INBRED CHAMPIONS.

Here is a great opportunity to **BREED** a **HORSE** with the same **MAIN** crosses that produced recent **CHAMPIONS** like **FRANKEL**, **REDOUTES CHOICE**, **SO YOU THINK** and **FASTNET ROCK**.

Because **ROYAL ACE** has an **AMAZING** 44 ancestors all focused on **DANEHILL**, he has the most outstanding pedigree to get the benefits of **MALE LINE** duplicating of **DANEHILL**. This sire holds the record as the greatest sire in history for siring **STAKESWINNERS**.

WE HAVE FOUND 1,357 top **MULTIPLE STAKES WINNING** gallopers that **WERE MALE INBRED**. Their extended pedigrees provided the information of all the multiple necessary lines needed for encouraging **SPEED** and **CLASS** in these pedigrees, combined with getting the stamina benefits. **Contact us to compare your mating with these exceptional gallopers.**

ROYAL ACE has the absolute best pedigree to provide 44 background crosses to make these new proposed **SUPER MATINGS** work.

There are about 98 (**MOSTLY G1**) **DANEHILL** sons at stud, and they have produced thousands of daughters, and many of them have an extraordinary opportunity to breed a Champion with **ROYAL ACE'S** highly pre-potent pedigree.

These **MATINGS** provide the main crosses that produced over 1,937 superior **GALLOPERS** we have found so far. Some examples can be found on the following table.

REASON 8

We are very aware of the benefits of breeding for extreme speed, and there are several thousand really outstanding gallopers that have variations of using two outstanding methods which does this. Here are **THREE** recent examples **INBRED TO DANEHILL** to illustrate this point.

SUNLIGHT	Champion filly-Inbred 4x3 to DANEHILL	11w-G111,G22,3G1111 \$6,228,950
VERRY ELLEEGANT	Champion filly-Inbred 3x3 to DANEHILL	8w-G111223,2G111 \$3,113,225
GUELPH	Champion filly. Inbred 2X3 to DANEHILL	7w-G1111, G23 \$1,608,325

When comparing **ROYAL ACE'S** pedigree to 15 generations over 17,689 current broodmares, we have noted there are several hundred of these mares that have these 2 **EXTREME SPEED METHODS** in the **PEDIGREE** for an **EXCITING FUTURE MATING**.

These noted reasons give us every **CONFIDENCE** that **ROYAL ACE** has the **POTENTIAL AND OPPORTUNITY** to be a **VERY EXCITING**, and **HIGHLY SUCCESSFUL FUTURE SIRE**.

REASON 9

ROYAL ACE has the **GREATEST POSSIBLE POTENTIAL** for getting the right mares to sire **STAKES WINNERS**.

ROYAL ACE has **BEEN MATCHED ON MANY BREEDING PRINCIPLES ACROSS** 17,689 current Australian Broodmares to find mating's with outstanding principles to race well.

- He has over **400 potential CASINO PRINCE-ENCOSTA DE LAGO** mating's to produce **ALLIGATOR BLOODS**.
- He has **several thousand possible 3rd and 4th generation male cross** mating's to produce horses like **FRANKEL, SO YOU THINK, REDOUTES CHOICE, FASTNET ROCK**, and has the necessary fantastic 44 rebalance and **FOCUS** lines to make them **CHAMPIONS**.
- He has several hundred possible mating's with the **TWO MOST POWERFUL PRINCIPLES** for developing speed like **SUNLIGHT, VERRY ELLEEGANT**, and **GUELF**.
- These really exceptional mating's will provide brilliant sprinting speed in the foals for their breeders and future owners.
